Power Solutions International to Present at 18th Annual Needham Growth Conference

WOOD DALE, Ill., Jan. 07, 2016 (GLOBE NEWSWIRE) -- Power Solutions International, Inc. (Nasdaq:PSIX), a leader in the design, engineering and manufacture of emissions-certified, alternative-fuel and conventional power systems, today announced that its Chief Operating Officer, Eric Cohen and its Chief Financial Officer, Michael Lewis will present at Needham & Company's 18th Annual Growth Conference to be held at the Lotte New York Palace Hotel in New York, NY, on Tuesday, January 12, 2016 at 2:10 PM ET. Attendance at the conference is by invitation only for clients of Needham & Company, but a simultaneous live webcast will be available on the Investor Relations section of the Company's website at www.psiengines.com. The Company will also host investor meetings throughout the day. Please contact your Needham & Company representative for conference registration information and to secure a meeting time with the Company.

About Power Solutions International, Inc.

Power Solutions International, Inc. (PSI) is a leader in the design, engineering and manufacture of emissions-certified, alternative-fuel power systems. PSI provides integrated turnkey solutions to leading global original equipment manufacturers in the industrial and on-road markets. The Company's unique in-house design, prototyping, engineering and testing capacities allow PSI to customize clean, high-performance engines that run on a wide variety of fuels, including natural gas, propane, biogas, diesel and gasoline.

PSI develops and delivers complete .97 to 22 liter power systems, including the 8.8 liter engine aimed at the industrial and on-road markets, including medium duty fleets, delivery trucks, school buses, RV and commercial chassis. PSI power systems are currently used worldwide in power generators, forklifts, aerial lifts, and industrial sweepers, as well as in oil and gas, aircraft ground support, arbor, agricultural and construction equipment.

Acquired in April 2014, Professional Power Products, Inc. (3PI) is a leading designer and manufacturer of large, custom engineered, integrated electrical power generation systems serving the global diesel and natural gas power generation market. 3PI specializes in power generation systems for standby, prime and Co-generation (CHP) power applications.
