Power Solutions International to Host Inaugural Analyst and Investor Meeting on Tuesday, November 17

WOOD DALE, Ill., Oct. 29, 2015 (GLOBE NEWSWIRE) -- Power Solutions International, Inc. (Nasdaq:PSIX), a leader in the design, engineering and manufacture of emissions-certified, alternative-fuel and conventional power systems, today announced that it will host its Inaugural Analyst and Investor Meeting on Tuesday, November 17, 2015 from 8:00 a.m. to 2:00 p.m. CT at its headquarters in Wood Dale, Illinois.

Executive and Operations Management will conduct a series of presentations to update analysts and investors on the Company's key strategic initiatives, products, markets and long-term goals. The program will include a tour of manufacturing facilities and "hands-on" demonstrations of important product application categories, such as on-road and power generation.

For additional information and registration, please email anna.joelsson@blueshirtgroup.com or call +1 (212) 871-5566.

About Power Solutions International, Inc.

Power Solutions International, Inc. (PSI) is a leader in the design, engineering and manufacture of emissions-certified, alternative-fuel power systems. PSI provides integrated turnkey solutions to leading global original equipment manufacturers in the industrial and on-road markets. The Company's unique in-house design, prototyping, engineering and testing capacities allows PSI to customize clean, high-performance engines that run on a wide variety of fuels, including natural gas, propane, biogas, diesel and gasoline.

PSI develops and delivers complete .97 to 22-liter power systems, including the 8.8-liter engine aimed at the industrial and on-road markets, including medium duty fleets, delivery trucks, school buses, RV and commercial chassis. PSI power systems are currently used worldwide in power generators, forklifts, aerial lifts, and industrial sweepers, as well as in oil and gas, aircraft ground support, arbor, agricultural and construction equipment.

Acquired in April 2014, Professional Power Products, Inc. (3PI), is a leading designer and manufacturer of large, custom-engineered, integrated electrical power generation systems serving the global diesel and natural gas power generation market. 3PI specializes in power generation systems for standby, prime, and Co-generation (CHP) power applications.
