Power Solutions International to Report Second Quarter 2014 Financial Results on Thursday, August 7th

Conference Call to Follow at 4:30 p.m. ET

WOOD DALE, Ill., July 10, 2014 (GLOBE NEWSWIRE) -- Power Solutions International, Inc. (Nasdaq:PSIX) announced today that it will release financial results for the second quarter of 2014 after the market close on Thursday, August 7, 2014. An investor conference call will follow at 4:30 p.m. ET/3:30 p.m. CT. The call will be hosted by Gary Winemaster, Chief Executive Officer, Eric Cohen, Chief Operating Officer, and Daniel Gorey, Chief Financial Officer.

Investors in the U.S. interested in participating in the call should dial +1-800-364-3104 and reference passcode 6991751. Those calling from outside the U.S. should dial +1-719-457-2080 and reference the same passcode 6991751. A telephone replay will be available approximately two hours after the call concludes through August 14, 2014 by dialing +1-877-870-5176 from the U.S. or +1-858-384-5517 from international locations, with passcode 6991751.

A simultaneous live webcast will be available on the Investor Relations section of the Company's website at www.psiengines.com. The webcast will be archived on the website for one year.

About Power Solutions International, Inc.

Power Solutions International, Inc. (PSI) is a leader in the design, engineering and manufacture of emissions-certified, alternative-fuel power systems. PSI provides integrated turnkey solutions to leading global original equipment manufacturers in the industrial and on-road markets. The Company's unique in-house design, prototyping, engineering and testing capacities allows PSI to customize clean, high-performance engines that run on a wide variety of fuels, including natural gas, propane, biogas, diesel and gasoline.

PSI develops and delivers complete .97 to 22 liter power systems, including the 8.8 liter engine aimed at the industrial and on-road markets, including medium duty fleets, delivery trucks, school buses and garbage/refuse trucks. PSI power systems are currently used worldwide in power generators, forklifts, aerial lifts, and industrial sweepers, as well as in oil and gas, aircraft ground support, agricultural and construction equipment.

PSI recently acquired Professional Power Products, Inc. (PPPI), a leading designer and manufacturer of large, custom engineered integrated electrical power generation systems serving the global diesel and natural gas power generation market. PPPI specializes in power generation systems for both standby and prime power applications.
