Power Solutions International to Present at Upcoming Investor Conferences

WOOD DALE, Ill., July 31, 2013 (GLOBE NEWSWIRE) -- Power Solutions International, Inc. (Nasdaq:PSIX), a leader in the design, engineering and manufacture of emissions-certified alternative-fuel and conventional power systems, today announced that the Company will present at the following investor conferences:

- On Monday, August 12, 2013, PSI Chief Operating Officer Eric Cohen and Chief Financial Officer Daniel Gorey will present at the Jefferies 2013 Global Industrial Conference at the Grand Hyatt New York Hotel at 11:30 AM EDT. Attendance at the conference is by invitation only for clients of Jefferies, but a simultaneous live webcast of the presentation will be available on the Investor Relations section of the Company's website at www.psiengines.com. The webcast will be archived on the Company's website for 90 days. Please contact your Jefferies representative for conference registration information and to schedule a meeting with the Company.
- On Wednesday, August 21, 2013, PSI Chief Operating Officer Eric Cohen and Chief Financial Officer Daniel Gorey will host investor meetings at Knight Capital Group's 2013 Midwest Industrials Conference at the Milwaukee Athletic Club, Milwaukee. Attendance at the conference is by invitation only for clients of Knight Capital Group. Please contact your Knight Capital representative for conference registration information and to schedule a meeting with the Company.
- On Thursday, September 5, 2013, PSI Chief Operating Officer Eric Cohen and Chief Financial Officer Daniel Gorey will host investor meetings at Global Hunter Securities' Second Annual Industrials Top Idea 1x1 Conference at "The Library" in Chicago. Attendance at the conference is by invitation only for clients of Global Hunter Securities. Please contact your Global Hunter representative for conference registration information and to schedule a meeting with the Company.

About Power Solutions International, Inc.

Power Solutions International, Inc. (PSI) is a leader in the design, engineering and manufacture of emissions-certified, alternative-fuel power systems. PSI provides integrated turnkey solutions to leading global original equipment manufacturers in the industrial and on-road markets. The company's unique in-house design, prototyping, engineering and testing capacities allows PSI to customize clean, high-performance engines that run on a wide variety of fuels including natural gas, propane, biogas, diesel and gasoline.

PSI develops and delivers complete .97 to 22 liter power systems, including the new 8.8 liter engine aimed at the industrial and on-road markets including medium duty fleets, delivery trucks, school buses and garbage/refuse trucks. PSI power systems are currently used worldwide in power generators, forklifts, aerial lifts, and industrial sweepers, as well as in oil and gas, aircraft ground support, agricultural and construction equipment.
